

# VIP PowerCat 42

Our new VIP PowerCat 42, built by Africat Marine, takes power boat speed, spaciousness, stability and economy to the next level.

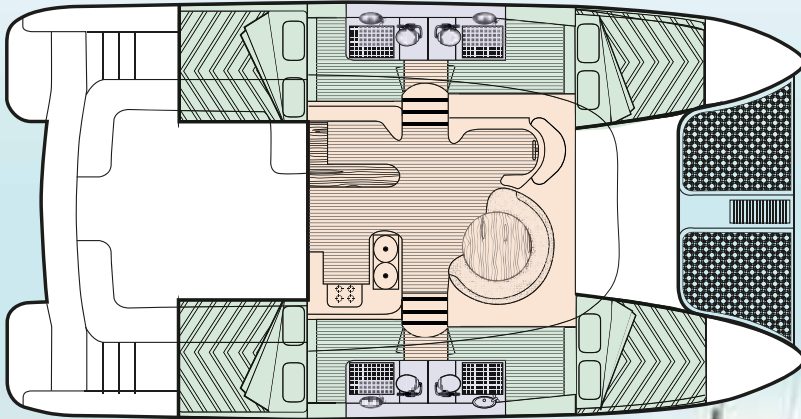

Setting new standards in luxury power boats, you'll find stylish, sleek lines, high quality finishes, expansive sweeping decks and voluminous interior and stateroom space. A spacious main salon and four luxurious cabins have en-suite heads and showers. The cockpit and fly bridge have generous seating and dining areas, with unimpeded views.

*"Thanks to the entire crew for their assistance which started our vacation off in the most pleasant way. Keep up the great service, clean boats and 15hp outboard motors on the dinghies and we will keep returning for more fun. Thanks for a great vacation."*
